- Javascript (Node.js - Express.js)
- Python (Flask)
- C++
- C

Data management & visualization

- Oracle
- PostgreSQL
- KNIME
- PowerBI y Excel

Other

- AWS & Azure notions
- Linux & Bash
- Microsoft 365 & Copilot
- Odo
- IoT basics

Languages

- English: B2 certificate, but worked both in Ireland and France
- Spanish: native
- French: B1

Soft skills

- Active communication
- Adaptation
- Constant Learning

Professional Experience

Bit&Brain Technologies: neurotechnology & research

Sept. 2024 - Feb. 2025

Bachelor Thesis: information decoding about elderly people cognitive state from EEG activity during sleep, with ML & DL models.

Benkei Consulting, Lyon, FR: innovation & strategy

June 2024 - August 2024

Analysis of Generative AI use cases in a context of European and collaborative technical projects funded by the EC. International working environment.

PredictLand: AI & Big Data consulting

June 2023 - August 2023

Development of internal framework in the Cloud environment. Learning about AI-based solutions for large customers.

Experience outside the IT field

Voodoo Rooms Nightclub, Ireland
McDonald's

Volunteering and other experiences

MotoStudent UNIZAR
Erasmus+ Photography for Social Inclusion, Turkey
